c/o Greg Marso
9120 W. Loomis Road
Suite 400
Franklin, WI 53132

Dear Greg and Paul,

On behalf of the Franklin Fire Department, I would like to thank you for allowing us train at the Franklin High School concession stand. The concession stand provided our personnel with training opportunities that do not happen often enough. We do not have a training facility that allows us to regularly train on certain facets of our job and we welcome any opportunity that provides a chance to train on those areas.

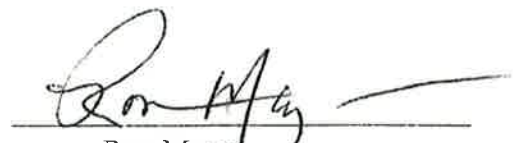

As you can see by the condition of the building, we were able to drill on cutting holes in the roof that would be used for vertical ventilation. The crews were also able to breach a block wall, making an access point for a possible rescue. Some personnel also worked on breaching interior walls during a downed firefighter drill. These are the types of drill that we do not get to train on often, but are invaluable skills when needed.

We appreciate you considering us when this building became available. If anything similar becomes available in the future, please do not hesitate to call us. As always, if we can be of any assistance to you in the future, please let us know.

Thank you again for your support,

Adam Remington
Fire Chief

Ron Mayer
Assistant Fire Chief
